## PROFILE

# ALL ROUND LABORATORY TECHNICIAN

An all-round laboratory technician is above all highly flexible laboratory worker, who takes care of health, safety and environment in all of his or her work activities.

## The most important duties of a All-round Laboratory Technician are :

- ✓ *Collect, receive, register, and prepare samples according to standard procedures.*
- ✓ *Carry out physical, chemical, and (micro)biological tests following SOPs, and assess the results.*
- ✓ *Report test results accurately and on time.*
- ✓ *Plan daily tasks, help with sample storage, and keep the lab and equipment clean and well-maintained.*

**We assists in  
aligning internship  
and examination  
standards**

We offer our services to support technical vocational schools, academies and training institutes across Indonesia, to improve and reach international VAPRO standards for education and training.
